

WASATCH HOUSE

2022

Butterfly Biosphere

In May we visited the Butterfly Biosphere at Thanksgiving Point. We had a lot of fun checking out all the cool butterflies they had there, and the other insects they had on display!

Outdoor Activities & Clubhouse Utah

We went on several hikes throughout the year, and also held a scavenger hunt as part of Wellness. We also participated in the Clubhouse Utah conference, which was tons of fun!

Visiting the Museum

We also went to a museum in June, where we had a lot of fun putting together some funny photos for our videos and other publications. Enjoy!

Holidays!

We had a lot of fun making Halloween and Christmas crafts, and we also visited the Festival of Trees this year! Thank you to everyone who attended our activities, and making this year a fantastic time at Clubhouse!
